

Why Cabin Creek?

New, not Old

Completed in 2007, Cabin Creek Bed and Breakfast was designed with your comfort in mind. This log home has all the modern construction elements, like room placement for maximum privacy, private baths and fireplaces. We also have spacious areas for guests to relax, enjoy a card game, or read a book. Due to the cool summer evenings here in Central Oregon you'll find the glow of the fire on the patio each evening a warm welcome while enjoying some of Melody's home baked goodies.

Comfortable for that "First-Time" B&B experience

Never been to a B&B, and not sure how you feel about the concept. Try us out. You'll find the design and layout of this B&B very comfortable and appealing to your desire of privacy.

Rustic for a change

Wanting to experience something different than a Victorian style B&B? That's what you'll experience when you enter this beautifully built log home. Each log was hand peeled and put into place. The beautiful craftsmanship of the log railing, the 30 foot high ceilings accented with numerous large support logs makes the entrance to this B&B like none other. It's a must see!!

Home Style Baking

You'll wake up to the smell of Melody's home style cooking. Amongst the many different family recipes she uses, you'll find Apple Turnovers with cinnamon sauce or Grandma's famous Oatmeal Pancakes, which have become a big hit at Cabin Creek. Whatever the choice is, you will find it to be a wonderful complement to the rest of the mornings breakfast.
